## Prologue

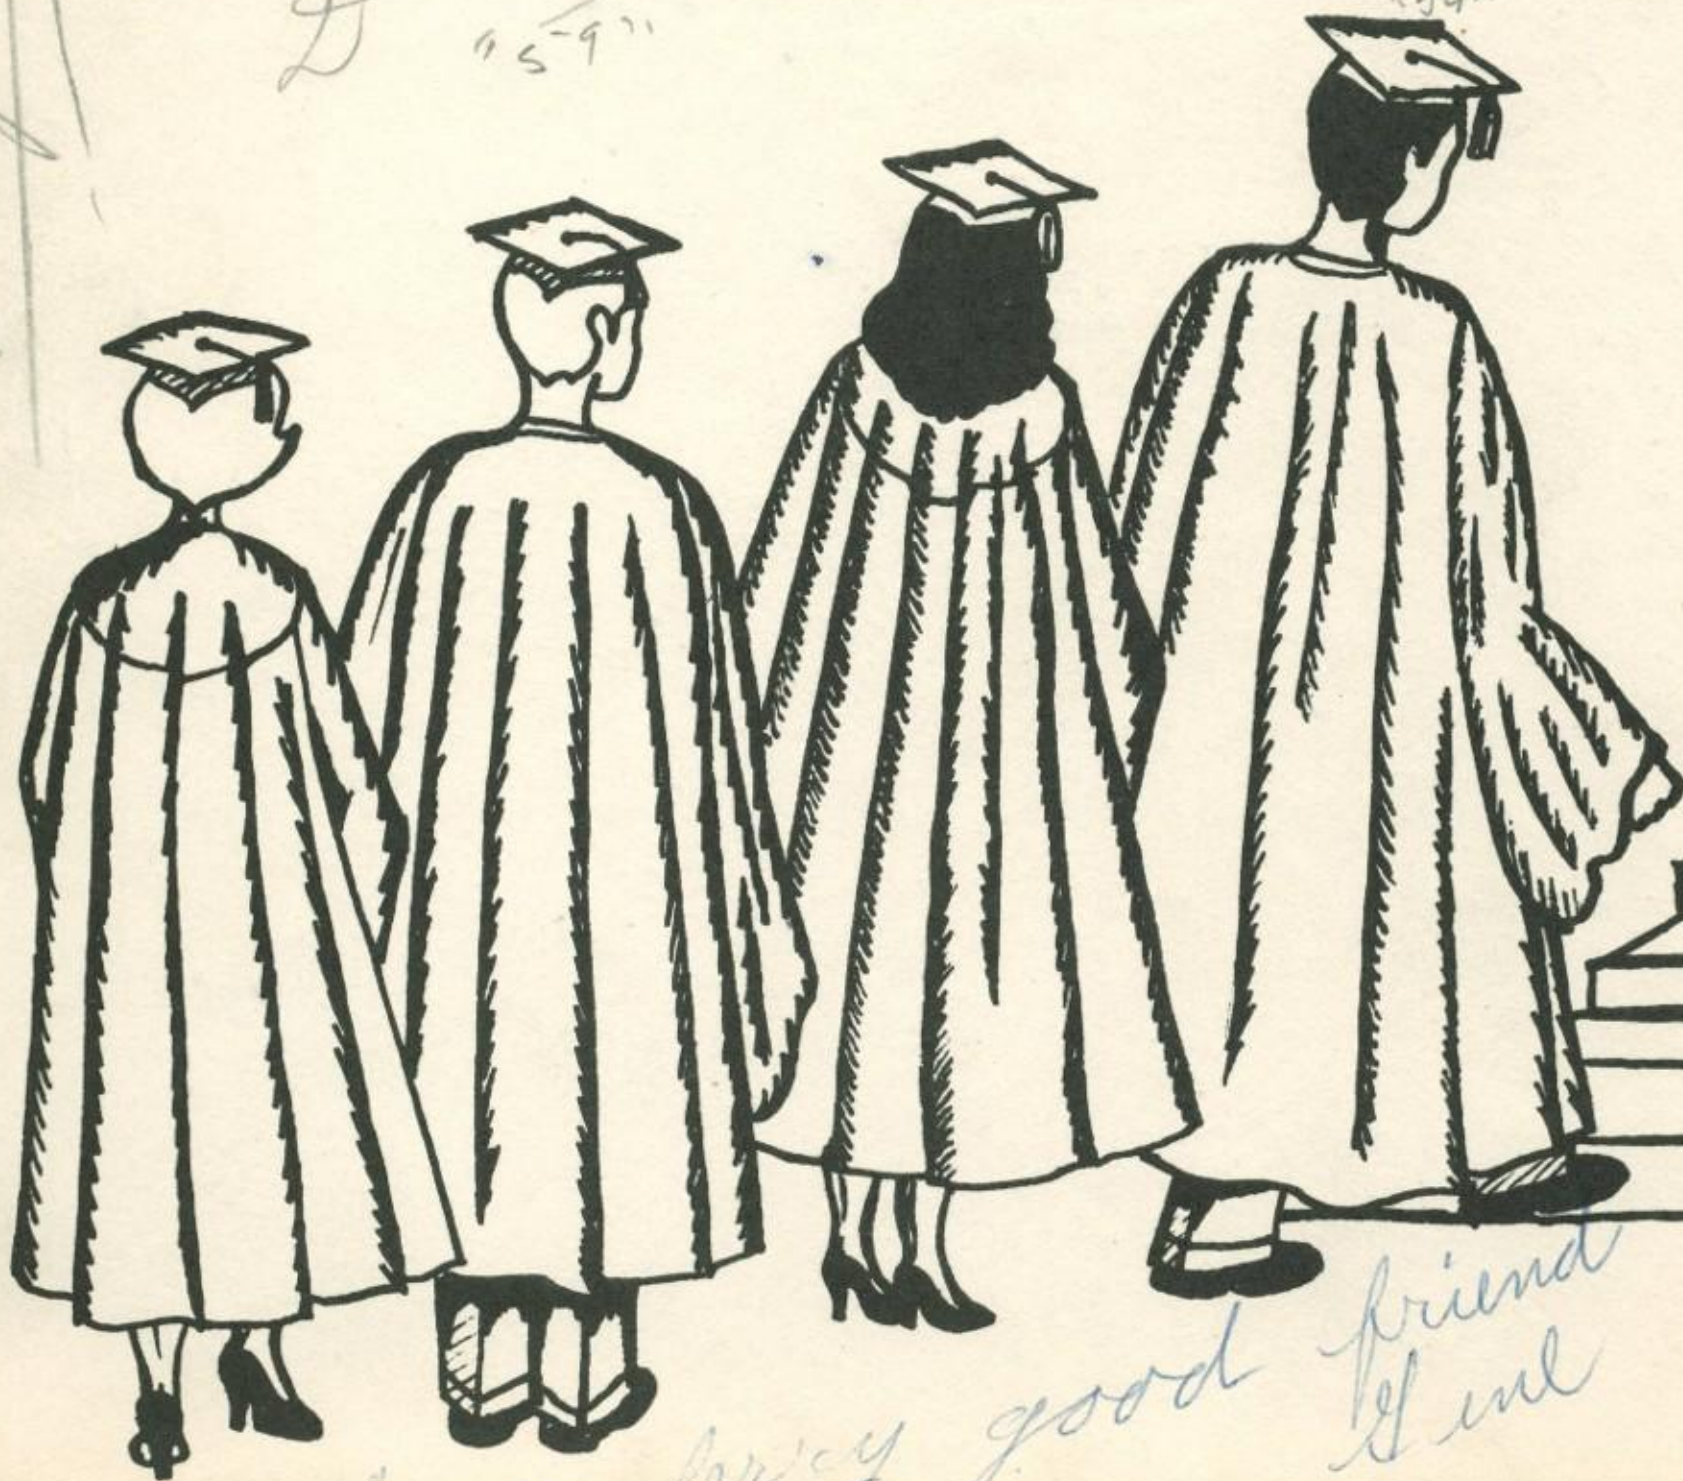

To a nice boy  
Sharon Meggin

Dad

Today's world is one of chaos, confusion, and despair. Present situations prevent many men from making a living. We are constantly hearing about rapid advancements in the scientific field, and just recently the experts have developed a bomb that could destroy many people. Statistics also show that about fifty per cent of all the people who enter doctors' offices are suffering from mental diseases. Communism constitutes another blockade in the lives of every individual. Therefore it is the obligation of the students of today to eliminate this chaos. A good philosophy of life and the technical knowledge which we have received from our education are the tools with which we must work.

## BOARD OF EDUCATION

**Darwin H.  
Findley**

**Orvil  
Otermat**

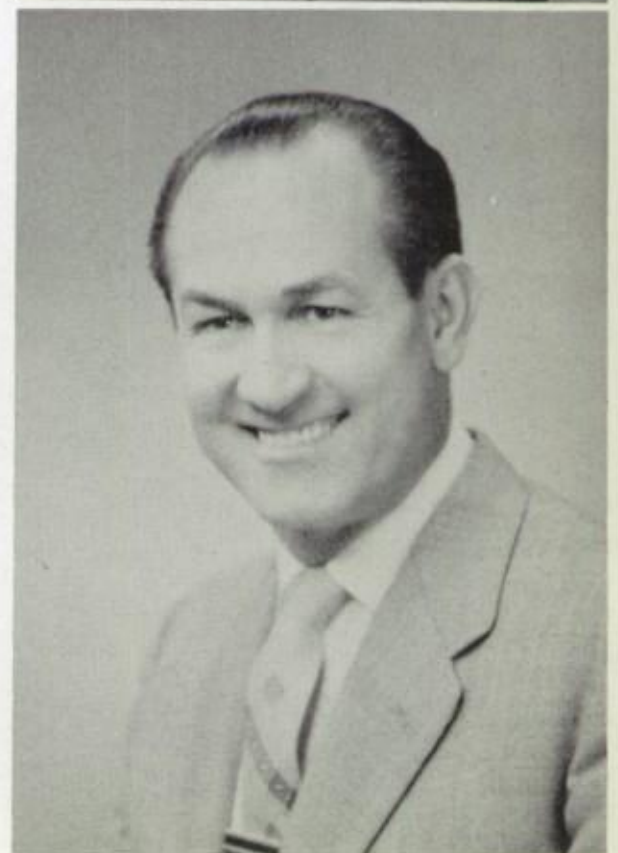

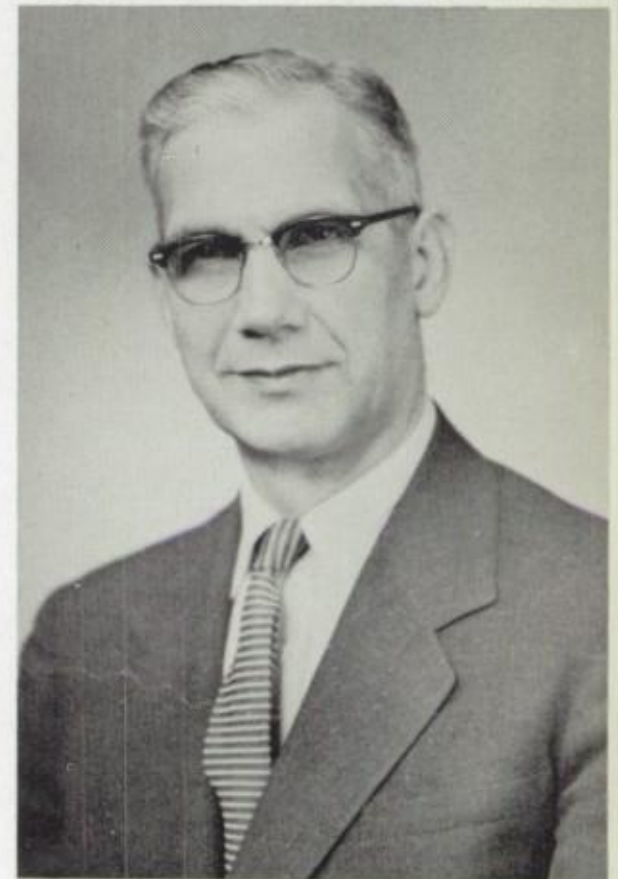

Using their knowledge and their ability to select and hire the best teachers and make the necessary improvements, the Board of Education is always looking out for the advancement of education. This gives the students an added advantage in their endless search for a good understanding of world problems.

## **SUPERINTENDENT . . .**

The students of Ross High School are very proud that they have a superintendent who so well co-ordinates the various classes and activities. His efforts extend to us the opportunity to reach that goal which we hope to achieve. To you, Mr. Rupp,—our heartfelt thanks for everything you've done.

## **PRINCIPAL . . .**

Mr. Cooper, our principal, is our closest associate during our school days. Being able to talk with him when we have problems is our greatest asset. He also encourages us to complete our various tasks to the best of our ability by watching our grades and keenly observing our school activities. With his guidance we face the future with confidence.

## **ASSISTANT PRINCIPAL . . .**

As the students walk down the halls of Ross High School, they see the smiling face of their assistant principal, Mr. H. Randall Miller. To him is given the task of keeping attendance records and accepting many administrative duties of which we are unaware. With efficiency he fulfills his obligations. For this we are grateful to him.

## **VISITING TEACHER . . .**

A familiar face in our school environment is that of Miss Thelma Hughes, the visiting teacher. One of her many responsibilities is the keeping of attendance records for the girls. If a boy or girl has problems at home, Miss Hughes will consult the parents and the friends of the person involved. An understanding of people enables her to assist students in overcoming their difficulties.

## OFFICE SECRETARIES . . .

LEFT TO RIGHT: Mrs. Letterman, Mrs. Myers.

When we walk into the principal's office we see the two secretaries, Mrs. Myers and Mrs. Letterman. Their constant efforts in our behalf are deeply appreciated by the students. Perhaps we just enter the office to buy a stamp or change a schedule, so we sometimes forget that without their efficient management, our school system would suffer. To you, the secretaries, goes our heartiest appreciation for everything.

## CUSTODIANS . . .

Any student will agree that he would not trade places with the custodians, because their job is not an easy one. Their daily tasks include the cleaning of all the rooms in the building, and the maintenance and repair of school equipment. We certainly appreciate the excellent job which they have done.

## OUR

Knowledge comes but wisdom lingers." Probably no one realizes this more than do the teachers, who have guided us to this, our graduation. Each student possesses a different personality. Attempting to analyze and develop these personalities becomes the obligation of every faculty member. To fulfill this task an abundant amount of understanding and helpfulness must be applied.

Not only is it necessary for a teacher to be learned, but she or he must be able to present knowledge to the students so that we will apply

Miss Kilmer, Miss Forsyth, Miss Young, Mr. Snyder, Mr. Bell.

TOP: Mr. Murray, Mrs. Turner.  
 BOTTOM: Mr. Kooistra, Miss Setzler, Miss Darr, Mr. Doren.

## FACULTY . . .

it when we associate with the people in our complex world of today. Because of the present-day situations, learning is a necessity. We live so rapidly that this fact is not easily comprehended by many students. Before we leave these halls that have been our domain for six years, we wish to extend our sincere thanks to the faculty of Ross High School, who have led us through these years which prepare us for the future. Their confidence becomes our assurance that we can obtain success if we so desire.

## CHEERLEADERS . . .

These girls are responsible for creating a strong school spirit at the games and the other athletic events. Spending long hours and tedious work is part of their activity schedule. Mr. Schiefer is the advisor for the cheerleaders. Thanks to his tireless efforts and time Ross High School has a spirit and an interest in sports that is hard to beat.

## THE BAND . . .

With patience and understanding, Mr. Stierwalt and Mr. Sells have led the band through another successful year. The spirit that the band music offers at the basketball and football games gives the students a feeling of satisfaction, and they realize that the band members are their spirit leaders. For many years our band has taken top honors in the state. Much of this credit goes to the directors. Their efforts are appreciated.

## A CAPPELLA CHOIR . . .

Inspiring assemblies are always the product of the A Cappella Choir — a candlelight service at Christmas and a concert at Thanksgiving. Other activities which occur during the school year for the choir are the joint concert with the band, the Invitational Music Festival of Ohio, and the Easter concert. Music is important to us, since there are many times when we need something to relieve built-up tension and music offers that release. Thanks to Mr. Kooistra for an excellent directing job.

## JUNIOR HIGH CHOIR . . .

The members of the Junior High Choir are making the necessary preparations to enter the A Cappella Choir in a year or two. Part of this preparation includes the learning of the fundamentals of singing, which are taught by Mr. Kooistra.

It is these boys and girls who will some day lend their voices to the inspiring vocal programs we have come to expect from the vocal music department.

## ART CLUB . . .

Culture has become an element in society of which there is not enough. In order that a further interest in art might be obtained, an Art Club became a permanent organization in our school. Mainly, the purpose of this club is to study different artists and their techniques. From these studies the student receives a better understanding and appreciation of art. Assisting in these studies are the trips that the group takes to the art exhibits in the area. This club's activities are varied also since its members do paintings, sketchings, and work in the field of art.

## Y-TEEN-SENIOR . . .

The Golden Rule might well be the motto of the Y-Teen Club. Gifts to the sick and needy display the Christian attitude of the girls who are members of this organization. A cheerful giver is usually hard to find in the selfish world of which we are a part, but the girls in Y-Teens show an unselfish attitude when they do such things as making Christmas place favors for Memorial Hospital

and preparing Thanksgiving baskets for needy families.

Sophomore girls are also very active in the Y-Teen organization. Their participation is seen in some of the other activities of the year, such as, the Valentine dance, the Mother-Daughter Banquet, and the conferences they attend.

## NATIONAL THESPIAN . . .

In many ways this organization is the busiest one in the school. All during the school year the members of this group are participating in one-act plays, class plays, all types of class work, and readings for contests. Much time and effort, on the part of the sponsor and the students, are necessary for the success of this organization. While the students are spending their time on the dramatics activities, they are learning how to associate and cooperate with other people. After they graduate from high school, it will be very necessary to have the ability to get along well with others. To become eligible to join National Thespians, a student has to have ten points which he receives from his participation in the dramatic activities. For every extra ten points that a member earns he is awarded a star. To Miss Forsyth, the sponsor of the organization, we extend a well-deserved "thank you" for the achievements which the National Thespians have attained.

## HI-Y . . .

The development of the Christian character of boys is the purpose of the Hi-Y organization. Success in later life depends a great deal on the character which a person develops during his high school education. Mr. Doren, who is the advisor for the boys, ably assists them in the club's program. One of the most important dates on the calendar for the Hi-Y boys is the Valentine Dance which is sponsored jointly by the Hi-Y and the Y-Teens. The occasion ranks as one of the social events of the year.

## STUDENT COUNCIL . . .

Improving the school system in any way is the main objective of the Student Council. Conducting school elections is only a part of their work. Promoting and maintaining a good school government are a part of the group's program. The Christmas dance will long be remembered by this year's members as will the preparation of an assembly program. The students especially thank Mrs. Carlson for her excellent leadership and Mr. Miller, who was always willing to co-operate in any way to make this organization a success.

## LIBRARY STAFF . . .

A good reader is judged by the books he reads. In order that students may gain a variety of information on several subjects, the Library Staff sees that new books are added to the collection and that these books are kept in circulation. Our librarian, Mrs. Turner, is both capable and conscientious. Much difficulty lies in the management of a good library. We should be very proud to have an excellent library where we have spent many pleasant hours.

## CHATTER STAFF . . .

The primary duty of this group of students and their advisor, Mr. Tooley, is to edit the school paper. The responsibility and labor that is part of a task of this sort is unknown to most students and teachers. Printing the news and the important happenings concerning the high school comprises the main work of the paper. Not only are sports included, but also the various other fields which have a definite place in our school program. The Christmas edition this year was eight pages in length, the longest issue that has ever been published. Promptness and accuracy are two qualities of the members of the group. Being helper and an active force behind the staff is the job of Mr. Tooley.

ROW 1: Mr. Tooley, Sue Nickel, Dorothy Deichert, Lou Ann Fox, Jerry Stewart, Janet Crowell, Ann Fangboner.

ROW 2: Maia Leetmaa, Karmi Kuusberg, Judy Fiebiger, Susie Schwartz, Darlene Fink, Suzan Price, Gary Pearson.

## CHATTER CUBS . . .

Preparation for the positions on the Chatter staff are obtained from the information which the sophomores receive when they are cubs. Opportunities are given to them in collecting and writing stories, advertising, and the circulation of the Chatter. When they become juniors and seniors, they are ready to accept the assignments which are given to them and take their positions as full-fledged reporters. School paper students spend three full years before graduation.

## ANNUAL STAFF . . .

Taking the pictures, pasting them in the annual, writing the copy, and compiling all the necessary articles and snapshots are a few of the many duties of those who are a part of the yearbook staff. Memories will linger with you a long time; therefore, we attempt to place in the book all those pictures and stories which we think you will remember the most after you graduate. This task is by no means an easy one. Advice and assistance are received from Mr. Tooley, the annual advisor.

ROW 1: Lois Lenz, Sharon Gilmore, Ann Randolph, Nancy Gibbs, Joye Neason, Nancy Fitzgerald.  
ROW 2: Mrs. Chester, Beverly Baker, Joanne Nowak, Shirley Johnston, Sandra Witter, Mary Lou Wickert.

## OFFICE PRACTICE . . .

Ofttimes the students do not realize the work that the girls in Office Practice do. Every time you attend a school function, such as a school play or a concert, the programs which you read have been written by these girls. Helping them with their work is Mrs. Chester. One of the large undertakings of the year for this group is the Magazine Drive, which requires the time and efforts of every girl on the staff. From this group will come the future secretaries for the business organizations of the community.

ROW 2: Renny Hirt, Mary Gephart, Dorothy Kleinkorres, Mellie Harrell, Clyde Booze, Fred Lewis.

## CAFETERIA STAFF . . .

During the noon hour the Cafeteria Staff does its work. Scraping the dishes, cleaning the trays, and carrying the milk containers are a few of the many duties which the group does. The lunches that are served are very good, so a "thank you" we extend to the Cafeteria Staff who work tirelessly to feed the student body. For them there is no relaxation at noon.

## FUTURE HOMEMAKERS OF AMERICA . . .

Certainly our future demands that we know something about homemaking skills. For the girls of Ross High School this demand is met in the Future Homemakers of America. The club motto points to the reason that these girls can expect a strong future. "Homemaking training today brings happier homes tomorrow." By the emphasis which the girls place on worthwhile activities, they are following their motto and shaping their lives for a confident world tomorrow."

## THE GRIDIRON

### Akron South

Fremont's Little Giants opened their 1954 football season September 17 by defeating Akron South 25-7, at Harmon Field. Points were scored on touchdowns by Ward Sewell, Haldon Black, Jim Tiller, and Bebe Schneider plus an extra by Bill Smiley. South, one of the toughest openers in the history of football at Ross, managed to score only one touchdown. Block and tackling on the part of the Little Giants was very sharp.

### Lorain

Ross' spirited Little Giants came back in the fourth quarter to score 14 points in a thrilling 14-13 victory over the Lorain Steelers September 24 at Fremont's Harmon Field. Fremont's TD's came in the fourth quarter to overcome a 13-0 half advantage held by Lorain. Bebe Schneider scored both touchdowns with Bill Smiley converting the extra points.

### Sandusky

Sandusky's Blue Streaks handed the Ross Little Giants their second defeat of the season 13-0. Played at Strobel Field October 15 in Sandusky, the Little Giants had to fight not only the Blue Streaks but the mud and the rain. Sandusky's first TD was scored on a Ross fumble that was recovered by Sandusky behind the Little Giant's goal line. Both squads were hampered by a ceaseless rain and mud.

### Fostoria

Six to nothing was the verdict handed out by a spirited Fostoria team to the over-confident Little Giants in a tussle that saw the Redmen victorious for the first time in 11 years. In the game, played October 1 at Harmon Field, the only touchdown was by McClung of Fostoria.

### Findlay

The Fremont Little Giants behind the terrific running of Haldon Black and Henry Tiller, roared back from defeat to trample the Findlay Trojans 34-0, October 8, at Findlay.
